The Society for the Study of Symbolic Interaction (SSSI) will hold its annual meeting on August 21–23, 2015 in Chicago Illinois, at the Public Chicago Hotel, a short distance from the hotels used by the American Sociological Association for their annual meeting.

The Public Chicago is the Gold Coast’s famed Ambassador Hotel, rich with cultural heritage, and a fitting setting for our annual conference.

Public Sociology as Conference Theme
It has now been 10 years since Michael Burawoy’s famous presidential address to the American Sociological Association, which argued for a legitimate place for public sociology alongside other forms of research practice.

Burawoy argued that public sociology, the kind of sociology that connects with, serves, and informs everyday people in civil society, has been largely unappreciated, and unfairly occupies a marginal space in the discipline. Since Burawoy’s call for a resurgence of public sociology, there have been countless articles, special issues, and edited books that have weighed in on the issue, written by scholars who have been both critical and supportive. Meanwhile, symbolic interactionists have had very little to say about the issue of public sociology, though there have been some notable exceptions.

The literature that does exist indicates that interactionists have much to offer to conceptions of public sociology, and in turn, public sociology has the potential to reinvigorate interactionist research.

As such, we invite scholars to further explore this theme of public sociology and symbolic interactionism. We hope to have a number of sessions on this topic at our annual meeting. Further, a special issue on this same theme is planned for our flagship journal, Symbolic Interaction. The call for papers for this special issue will follow shortly after the 2015 annual conference.

Keynote Speaker: Diane Vaughan
We are very pleased indeed to announce that Diane Vaughan has agreed to be the keynote speaker for our 2015 annual conference. Dr. Vaughan is Professor of Sociology and International and Public Affairs at Columbia University. The theoretical focus of her research is how the social - history, institutions, organizations - affect individual meanings, decisions, and action. She is the author of Controlling Unlawful Organizational Behavior, Uncoupling, and The Challenger Launch Decision. She has two books in progress, Theorizing: Analogy, Cases, and Comparative Social Organization, and Dead Reckoning: System Effects, Boundary Work and Risk in Air Traffic Control. An extremely accomplished ethnographer, Dr. Vaughan’s work is also a great example of public sociology, and she has written prolifically on the different ways in which qualitative research can lend itself to public sociological work.

The Public Chicago Hotel
This will be the home of our annual conference in 2015. We have a special block of rooms reserved for conference participants, at the rate of $199 per night ($224 for double occupancy, $249 for triple occupancy, and $274 for quadruple occupancy). This rate applies to both standard
king and standard double rooms. The hotel is located at 1301 North State Parkway, Chicago, IL, 60610. Their website is http://www.publichotels.com/chicago/home. You can make reservations directly with the hotel prior to the cut-off date of July 21, 2015. Their toll-free number is 1-888-506-3471. When calling for a reservation, make sure to mention you are with the 2015 SSSI annual conference.

Conference Registration
Conference registration has been simplified thanks to our new online payment option. Please see https://sites.google.com/site/sssinteraction/home/conferences-events/sssi2015 to register. For members, registration is free of charge, and the banquet is $60 for faculty, and $40 for students. Non-members must pay a $100 conference fee. We encourage people to become members if they are not already, since the fees are less than the conference fee, and you get the benefits of membership as well as an annual subscription to Symbolic Interaction. For example, students pay only $27-30 USD to be annual members. Faculty pay between $39-61 USD depending on their income. Please do consider joining us as members!

** SSSI Student Travel Grants **

Students who are traveling to the (2015) Annual Conference of the Society for the Study of Symbolic Interaction to present or preside in a paper session may apply for $200 to help defray the costs of their attendance. Travel grant recipients will be expected to sign up for one or two shifts at the membership/information table during the Conference. After applying for the travel grant, students will be contacted by Tyler Schafer to organize the registration table schedule.

To qualify, you must provide a copy of your student ID and your mailing information, as well as the title of your paper or session, to the SSSI Treasurer: Lisa-Jo van den Scott, lvandenscott@brocku.ca

Applications will be accepted prior to and during the event. Checks will be distributed at the Conference, or may be mailed after the event. SSSI student travel grants receive additional support through the generosity of the Couch family, and may be supported by other donations.
